WHY ADVERTISE IN THE SCUPPERNONG GAZETTE?

OUR readers are concerned, connected, savvy and community minded. Exactly the sorts of customers you want. They are the types of people who influence their friends, telling them where to shop, where to eat, where to go, what to see and what to drink.

- Your ad will get read. We have more content than ads, which means our readers devour each issue cover-to-cover, which means your ad won't be lost in a sea of ads.

- You get solid exposure from Manteo to Rocky Mount. We are the only premier publication in Tyrrell County, and we choose our distribution points carefully, the visitors center, restaurants, coffee shops, public spaces, but most important we send out a monthly e-gazette.

We are located at

‘A PASSIONATE READER’

“I am absolutely fascinated by the material you have been able to come up with. Tastefully presented... with a distinctive flair...totally interesting to every individual even remotely acquainted with Tyrrell County and Columbia. And it is so “professional” and I am ashamed that it comes to me without charge. It is WORTH something, which is more than one can say about most of what one gets for free these days...”
